## UNIFORMS PEACE FLAG BEFORE CONVENTION

New Thought Federation Receives Emblem From Miss Anita Trueman.

### MANY ATTEND SESSIONS.

Banner Is Duplicate of One Introduced by Human Freedom League—'Old Glory' With a White Border.

HENRY FRANK. One of the New York delegates to the New Thought Convention. He addressed last night's meeting.

Before an audience that taxed the seating capacity of the east nave of the Exposition building, Olive and Thirteenth streets, Miss Anita Trueman of New York yesterday afternoon unfurled before the New Thought Federation a peace flag, a duplicate of the original one first introduced by the Human Freedom League in 1901.

Miss Trueman, in making the presentation, gave a short talk on the good that the idea of surrounding the nation's emblem with the sign of peace does, saying that nothing has such an effect on the minds of children as seeing the flag which they are taught to revere and respect bordered with the sign of peace.

The flag is 'Old Glory,' with a border of white, bearing the inscription, 'Peace to all Nations,' and was first introduced in Independence Hall, Philadelphia, by the Human Freedom League.

The morning session of the convention was devoted to ten-minute talks by several of the delegates, three music numbers and the reading of an original poem by Edward Elie Porinon, entitled 'Infantile Life.'

Those who spoke were: Mrs. Fannie B. James of Denver, Mrs. C. J. Barton, Kansas City; Charles E. Prather, Kansas City; Mrs. Jane Yarnall, Chicago, and Judge H. E. Benson, Kansas City. The vocal selections were rendered by Miss Bachman, Mrs. Nettie Greenbaum and Mrs. W. H. Haskins.

In the afternoon an informal reception was given to the delegates by the officers and speakers of the convention. The Reverend Henry Frank of New York was the principal speaker of the night session, his subject being 'New Thought and Recent Discoveries in Science.' The main object of his address was to show the relation between the new thought, philosophy and science, illustrating by recent scientific discoveries the similarity between the two.

Charles Fillmore of Kansas City read an address on 'The Unity of Religion and Theosophy in the New Thought.' The Reverend Helen A. Anderson of New York discussed the 'Opportunities of Paraphrase,' and Mrs. Margaretta G. Bothwell talked on 'Children's Rights.'

The music was furnished by Le Roy Moore and Mrs. F. A. Benson, Herbert Owen acting as accompanist.

This morning a business meeting of the federation will be held at 3 o'clock, the afternoon session beginning at 5 o'clock, the evening session at 7 o'clock.

ROOSEVELT CONGRATULATED ON FORTY-SIXTH BIRTHDAY.

His Family Gives Presents, and Scores of Friends Remember Him on the Anniversary.

Washington, Oct. 27.—Flowers galore and congratulatory greetings from all parts of the United States marked the observance of President Roosevelt's forty-sixth birthday today.

The President received presents from the members of his family before breakfast and later on arriving at the executive offices there was a constant stream of callers, who extended their congratulations.

Among these were Cabinet officials and friends of the President from many cities. A delegation from the Hungarian Republic of New York, of which President Roosevelt is a member, called. The delegation was headed by Marcus Braun, and numbered several Hungarian publishers and lawyers of New York in its ranks. It has been the custom of the club to call every year.

Col. Roosevelt, the Superintendent of Public Buildings and Grounds, presented to the President a treasured bunch of forty-six roses, the finest of the season, grown at the United States propagating gardens. Every variety grown there is represented, and the combination of colors is unusually gorgeous.

## FORMER OFFICERS OF COMPANY MAY BE SUMMONED

J. W. Brennan and E. W. Bodine Indicted by Federal Grand Jury on Fraud Charge.

Two former members of the International Co-operative Society of St. Louis will probably be summoned to appear before the United States Circuit Court here on November 7 to answer to the same charges that were yesterday preferred by the Federal Grand Jury against J. W. Brennan, Deputy City Marshal, and E. W. Bodine, former treasurer of the International Company.

A man named Kennan, said to be a bank president in the Indian Territory, and a young man named Shultz, who was at one time connected with the company, but who is now in Mexico, are said to be the ones who will be summoned.

Kennan was at one time president of the company, which, it is charged, was a 'get-rich-quick' scheme.

Brennan and Bodine were arrested yesterday on indictments following an investigation made by the court, into the history of the company. Upon appearing before the court they claimed that they did not know they were guilty of having perpetrated frauds. The indictment charges that advertising matter of the company was sent through the United States mails.

The statement made by United States officials was that the company sold 3,000 certificates, which were to be paid for by the subscribers at the rate of \$2 a week. These subscribers were supposed to procure each three other subscribers and were to receive back \$100 before they had paid the full amount of the certificate.

Brennan stated before the court that he had gone into the scheme thinking that it was legitimate, and that he had been induced by statements made by several Federal officials a fine will probably be imposed on Brennan and Bodine.
